Architecture

Geo design: Integrating Architecture and Geography
Contemporary Urban Theories
Biomimicry in Architecture
Building Systems Integration
Sustainable Transportation and Urban Mobility
Collaborative Design and Teamwork in Architecture
Advanced Energy Analysis and Simulation
Adaptive Architecture and Responsive Environments
Design for Aging and Elderly Care Facilities
Design-Build Studio
Sustainable Materials and Construction
Architectural Photography
Universal Design and Accessibility
Urban Design Theory
Advanced Structural Analysis
Architectural Journalism and Criticism
Computational Fluid Dynamics in Architecture
Parametric Urbanism

Master of Arts (MA)
Master of Urban Design
Master in Valuation
Integrated Master in Management Studies
Integrated Master of Arts (MA)
Integrated Master of Science (M.Sc.)
Temporary and Portable Architecture
Diploma in Architecture (D.Arch.)
Bachelor of Architecture (B.Arch.)
Bachelor of Design (B.Des.)
Building & Infrastructure Master of Planning (M.Plan.)
Master of Design (M.Des.)
Master in Management Studies
Advanced Digital Fabrication Techniques
High-Performance Building Envelope Design
Building Information Modeling (BIM)
Management
Architectural Conservation and Heritage Managemer
Architectural Anthropology

Architecture

Architectural Robotics and Automation
Interactive Architecture
Design-Build Studio
Sustainable Building Systems
Biomimicry in Architecture
Universal Design and Accessibility
Architecture and Social Justice
Urban Informatics and Smart Cities
Virtual Reality Design for Architecture
Heritage Conservation and Management
Architectural Robotics and Automation
Parametric Structural Design
Urban Agriculture and Food Systems
Architectural Photography
Urban Mobility and Transportation Planning
Health and Wellness in Architecture
Computational Urban Design
Responsive Environments

Temporary and Portable Architecture
Materials Innovation in Architecture
Building Performance Simulation
Public Space Design and Placemaking
Architecture and Film Theory
Cultural Heritage and Identity in Architecture
Architecture and Climate Change Adaptation
Urban Resilience and Design Strategies
